Deployed Project <https://lindseyjeejan.github.io/calendar-scheduler/>

Experience

Interaction Designer • Ultimate Kronos Group, Incorporated • Irvine, CA • 05/2012 ~ Current

- Designed features in Sketch, produced wireframes, clickable prototypes and multiple deliverable formats for use across organization. Lead design presentations to clearly articulate concepts to technical and non-technical audiences.
- Participated in continuous collaboration with programmers, Product Managers and stakeholders to provide technical guidance for best practices on front end architecture. Reviewed technical considerations along with business requirements to recommend how to achieve a successful design within the time budget.
- Created and maintained visual design system while producing a large volume of reusable design components and responsive full page layouts, coded by hand in HTML5 and CSS3.
- Continuously reviewed potential application improvements to ensure technology is utilizing the latest browser supported features. Performed iterative front end design reviews ensure development is completed on time and prevent costly code fixes.
- Solved cross platform and cross browser issues to maximize acceptance across supported platforms and browsers, performed cross browser testing in BrowserStack.

- Lead, defined and implemented accessibility standards initiative through the translation of WAI-ARIA accessibility standards into technical tasks to conform to a WCAG 2.0 AA acceptance criteria.

Web Developer • Glidewell Laboratories • Newport Beach, CA • 08/2006 ~ 05/2012

- Created and maintained corporate websites using search engine optimization and implementation of Google Analytics to measure traffic and visitor trends. Used Photoshop to extract digital print graphics and turn them into interactive, media rich websites with Adobe Flash.
- Developed front end of customer facing application along side team of programmers for an ASP.NET application using Microsoft TFS.

Education

California Polytechnic State University • San Luis Obispo, CA • 1997 ~ 2001

Bachelor of Science in Business Administration, concentration in Management Information Systems.

UCI Division of Continuing Education • Irvine, CA

Certificate, Full Stack Flex Program

Department of Homeland Security Office of Accessible Systems & Technology

Certificate, Trusted Tester
